ASSERT INNOCENCE.

Men Arrested in Whitney Case.

Declare They Had Nothing to Do With Matter.

Story Told by Girl Doubtful by Many.

Sensational Disclosures Promised at Hearing.

[SPECIAL TO THE PRESS.]

Auburn, November 18.—City Marshal Garcelon has been at work on the Whitney mystery today, but has no information which he will give to the public. John H. Ahern of this city and Edward J. Bewley and Herbert Hitchcock of Lewiston, who were arrested and placed under bonds for alleged complicity in the case, stoutly assert their innocence, and it is only fair to say that many people believe they had nothing to do with the drugging of Miss Whitney. Hon. D. J. McMillen of Lewiston has been retained as counsel by the respondents. He was seen by the PRESS correspondent this evening but would not be interviewed on the case.

He did say, however, that he believed the story told him by his clients and fully expects, at the hearing in the municipal court Saturday of this week to show to the satisfaction of everyone that these young men had nothing whatever to do with the alleged drugging of Miss Whitney. The affair has caused a profound sensation in this city, Lewiston and surrounding towns, and is the one topic of conversation, and by many the story told by Miss Whitney is doubted. It is claimed that much of it is entirely inconsistent.

Whatever may be the result of the hearing in the municipal court enough is known to predict that some very startling disclosures will be made. Officers who have been conducting the investigation are evidently of the belief that they have a strong case. Not all the facts known to the authorities have been given out to the public. The PRESS correspondent is told that their is not sufficient evidence to connect the death of Miss Cobb, who is supposed to have been murdered and then thrown into the river, with any of the stories of the alleged drugging affairs at the Sabattis dance.

ANOTHER ARREST EXPECTED.

Auburn, November 18.—There are no new developments in the Abbie Whitney case. No more arrests have been made, but it would not be surprising at any hour to hear that another had been arrested on suspicion of having been connected in the case. The three young men who have been arrested on the charge of assault and battery upon Miss Whitney are believed to be innocent by some although there are many who believe Miss Whitney's remarkable story.

Sunday, City Marshal Garcelon visited Sabattis, the scene of the alleged drugging, again. He obtained no new clues, but received some information pertaining to the case. Marshal Odlin said last evening that in his opinion the Jesse Cobb case could not be associated with the Whitney case in any way.

"I do not think it is a plausible theory that the same persons figured in both crimes. It is all right for newspaper talk, but that's about all. This seems to wipe away the grounds of the theory that the murder of Jesse Cobb and the drugging of Abbie Whitney are in a way connected."

WASTE BASKETS from Germany.

These dainty creations from abroad are in every way worthy of a place in the boudoir or sitting room. They're so entirely artistic it would be a pity to hide them.

The forms are unique and the colors are woven in design by deft hands.

For inexpensive holiday gifts we know of nothing to equal them.—Twenty-five cents to two-fifty.

FRANK P. TIBBETTS & CO.,
4 and 6 Free St.
nov19d1st1st

At a late hour this evening the case rested practically the same as it was Saturday.

TWICE BANK'S CAPITAL.

A Teller Gets Away With Twice What Institution Owed.

Cincinnati, Ohio, November 18.—United States Bank Examiner Tucker today took possession of the German National bank at Newport, Ky., and posted a notice that the bank would remain closed pending an examination. Examiner Tucker also announced unofficially that Frank M. Brown, the individual bookkeeper and assistant cash was missing and that a partial investigation should show that Brown was short about \$201,000. Brown had been with the bank 18 years, was one of the most trusted men ever connected with this old bank and it is stated by the experts that his pecuniations extended back as far as ten years. The capital stock of the bank is only \$10,000. Brown's alleged shortage is double that amount and more than the reserve and all the assets, including the real estate.

The wildest scenes were witnessed in Newport today and serious trouble is feared tomorrow when the officers and directors will be confronted by people who have hunted them in vain today. Brown, it is alleged, was living a fast life with wins, women and gambling in his repertoire. His career was not out short by any discovery at the bank until a jealous woman betrayed him.

Brown is a widower with one son, aged 10 years, who lives with Brown's father, Paris G. Brown, ex-mayor of Newport, and one of the leading business men of Cincinnati. Last summer Brown visited Yellowstone Park, and a Cincinnati woman wanted to accompany him, but this was denied her. When she asserted some time afterward that another woman was with Brown, on his western trip, the Cincinnati woman gave the bank officials some information that brought about a crisis. The only farewell letter that Brown is known to have left is to this woman, whose apartment is on 9th street in Cincinnati, and in this letter he admits he had secured about all he could get and that the time had come to say farewell. Brown, it is said, was a great poker player, with the limit never too high and he had been a plunger on horse races for years. His bets on the races, it is reported, were frequently too high for the pool room in Covington, Ky., and he had brokers in both Chicago and New York.

The officers of the bank are all of them, wealthy and responsible men and they will be able to make the losses good.

LIABILITIES A MILLION.

New York, November 18.—Francis D. Carley, well known Wall street broker, who lives at Orange, N. J., made an announcement today at Newark, where he was visiting his attorney, that he had filed in the United States District court at Trenton, a petition in bankruptcy. The petition declares the liabilities to be more than a million and the assets nothing.

The claims against Mr. Carley, are the result of a venture in the South several years ago in which he lost \$1,500,000.

SCHOONER ASHORE.

Boothbay, November 18.—The schooner Agate ran ashore on Tumble Island last night. Capt. Hall was struck by the foreboom, knocked overboard and drowned, his body not having yet been found. Capt. Hall belonged in Rockland. The schooner Agate was from Bangor with a cargo of lumber for Boston. Capt. Hall being her owner. The vessel is lying in a bad position and will probably be a total loss.

THE WEATHER.

Boston, November 18.—Forecast for Monday: Fair weather, followed by light rain, probably changing to snow in the afternoon or night; colder Monday night; winds becoming northwest. Tuesday: cloudy weather with light snow flurries, colder, brisk, northerly winds.

Washington, November 18.—Forecast for Monday and Tuesday: New England—Rain in southern, snow or rain in northern portion Monday, colder Tuesday, fair in western, rain or snow in eastern portion, colder in southern portion; winds becoming fresh to brisk northerly.

Portland, Nov 18, 1900.—The local weather bureau records the following: 8 a. m.—Barometer, 30.124; thermometer, 37°; dew point, 30; rel. humidity, 90; direction of the wind, SW; velocity of the wind, 7; state of weather, cloudy.

8 p. m.—Barometer, 29.948; thermometer, 32; dew point, 43; rel. humidity, 60; direction of the wind, SW; velocity of the wind, 10; state of weather, p. cloudy.

Maximum temperature, 35; minimum temperature, 23; mean temperature, 44; maximum wind velocity, 30.5W; precipitation—24 hours, 0.00.

WEATHER OBSERVATIONS.

The agricultural department weather bureau for yesterday, Nov. 18, taken at 8 p. m., meridian time, the observation for this section being given in this order: Temperature, direction of wind, state of weather:
Boston, 54, SW, cloudy; New York, 55, S, cloudy; Philadelphia, 53, S, clear; Washington, 64, SW, p. cldy; Albany, 50, S, clear; Buffalo, 53, SW, rain; Detroit, 54, SW, rain; Chicago, 42, NE, rain; St. Paul, 38, NE, cloudy; Huron, Dak., 20, NE, snow; Bismarck, 8; E, cloudy; Jacksonville, 73, S, clear.

NOTE OF THE POWERS.

Believed It Will Be Completed Soon.

Impossible To Foretell Results, Says Mr. Conger.

China Placed in Critical Position.

Chinese Court Unlikely to Return Before Spring.

Pekin, November 17.—Via Shanghai, November 18.—The belief that the note of the powers to the Chinese commissioners Prince Ching and Li Hung Chang, will be completed soon, is strengthened by the results of the recent informal conferences of the ministers of the powers.

Mr. Conger, the United States minister, said to a correspondent of the Associated Press today:

"The situation is apparently very favorable to the early beginning of negotiations for a preliminary settlement. I believe that the next meeting of the foreign envoys will virtually settle all points of difference between the representatives of the powers who will lose no time in presenting the demands."

"What the result will be it is impossible to foretell. Events have placed China in a very critical position. Whether she will be able to preserve her integrity and to save her trade relations with the rest of the world, will depend upon what the powers demand in the final settlement and upon her willingness to accept promptly the conditions proposed."

"It is quite unlikely if not impossible that the Chinese court will return to Peking before next Spring, but I do not anticipate any serious delay in the progress of the negotiations with the Chinese commissioners as they are in telegraphic communication with the court."

Military operations are virtually at a standstill. The German and Italian expeditions northward passed through Nan-Kang pass unopposed.

EXPEDITION TO SIAM PLANNED.

London, November 19.—"It is rumored," says the Peking correspondent of the Morning Post wiring Saturday, "that a spring expedition to Siam is already being discussed as the outcome of the probable failure of the peace negotiations. Even if Prince Tuan and Prince Chwang are absent from the present seat of the Chinese court Emperor Kwang Su is still helpless, as he lacks the aid of a strong and progressive adviser, all such officials having been beheaded."

"General Tung Fu Hsing, master of the military forces, is dreaded even by the emperor dowager. The new cabinet minister, Chuan Lin, is reputed to be another Kang Yi. There is danger therefore that terms accepted by the Chinese commissioners in Peking will be rejected at Siam Fu."

"Should the court prepare for further resistance, it would be necessary for the allies to declare war, but to discriminate between the court and China. The United States and Russia would probably refuse to take part in such measures."

"Since the occupation of Peking the German commander has shot more than a hundred guilty Boxers."

Gen. Chaffee's orders do not provide for dealing with cases of crimes committed before the relief of the legations. The American plan is to leave such matters to the Chinese, which means nothing."

SMALL POX IN PEKIN.

Pekin, November 18.—Via Shanghai, November 18.—Sanitary conditions here are becoming serious. Since the foreign occupation many Chinese have died of small pox and other infectious diseases. Fearing that their funerals would be interrupted with they have kept most of the coffins containing their dead in their houses and court yards.

The question of removing garbage has become one of grave importance. As the natives are forbidden to deposit refuse in the street there is now an accumulation in their dwellings and yards, which threatens a serious epidemic. In view of the large number of troops in and near the capital, the consequences of such an outbreak would be frightful. Small pox, which is always prevalent, is much more malignant during the winter season, and the danger here now is alarmingly increased.

MARCHING AGAINST ALLIES.

Shanghai, November 17.—As the outcome of the protest by Great Britain against the transfer of Yu Chang to the governorship of Wu Chang, this official will be replaced by a governor who is pro-foreign in his sympathies. It is reported that Gen. Ma, with 10,000 men, Gen. Fang with 8,000 and Gen. Yu with 5,000 are marching toward the borders of the province of Chi Li to check the advance of the allies westward.

Li Hung Chang and the Yang Tse viceroys, it is said, have guaranteed the Empress Dowager's personal safety if she will return to Peking, but she believes

that they are in league with the allies to capture her.

The French force which went to the relief of the Catholic priests besieged at Chen Ting, in Chi Li province, succeeded in rescuing them. Tao Sai Sheng denies that Prince Tuan and Gen. Tung Fu Hsian have joined the Mohammedan rebellion.

BY GAS EXPLOSION.

Four Persons Killed and Hotel Destroyed in Pennsylvania.

Coudersport, Pa., November 18.—The McGonigal house at Oswayo, 15 miles north of here was destroyed by fire at 6 o'clock this morning, caused by an explosion of gas.

Four lives were lost. The dead: William Mulvaney.

Arthur Fletcher, bookkeeper at the Hoarding factory.

Michael Russell, aged 60.

Hugh J. Emerson, Alfred, N. Y.

The gas permeated the entire house and the explosion was of a frightful force. There were many narrow escapes. The fire spread to the opera house adjoining, which was destroyed. The occupants of the hotel were in bed at the time of the explosion and those who escaped did so in their night clothes.

The town has no fire department, the only protection being a pump at the tannery. The fire originated in the McGonigal house from an over-pressure of natural gas. There were 30 people in the hotel which was a flimsy structure.

Two men were seriously injured. Otto Kauler, a gas line walker of Coudersport, Pa., was burned on the face and arms, and Jerry Dalley sustained a broken shoulder by jumping from the third story of the hotel. There were many narrow escapes, most of the occupants jumping from the windows. The flames licked up the hotel building as if it were built of tinder. Nothing remains of the four unfortunate men, but a few charred bones. One man had a leg broken in jumping and several others received minor injuries and slight burns in making the exit from the building. The tannery employees connected a line of hose to the burning buildings, but on account of some trouble with the pump, there was considerable delay in getting a stream on the fire and the flames had got beyond control. The property loss is estimated at \$5,000.

THE CZAR'S ILLNESS.

A General Feeling of Confidence That He Will Recover.

St. Petersburg, November 18.—The Russian official world is anxious regarding the condition of Emperor Nicholas, but there is a feeling of confidence that he will recover. A foreign official told the correspondent of the Associated Press last evening that the bulletins were regarded as favorable. He called attention to the distinction between typhus in the American sense of the word and typhus as understood in Russia, where the term corresponds to typhoid in American terminology. Typhoid is common, the official pointed out, in all Russian armies, owing to the defective hygienic arrangements, but is not feared in this country as it is in the United States.

"Moreover," continued the official, "the Czar's general health has been good. Persons who have seen him frequently and at close quarters during the last few months give no credence to the stories regarding his alleged feebleness. They have not observed the slightest indication of lingering injury from the sabre blow he received in Japan. They utterly disbelieve the assertion often made abroad that the Czar is an epileptic."

CZAR HAD FAVORABLE DAY.

Livadia, European Russia, November 18.—Emperor Nicholas, according to the best information obtainable this morning, had a favorable day yesterday. He slept for some time and felt at ease. His temperature at 9 p. m., was 101.6 and his pulse 64.

Last night he slept well and, on waking this morning, was comfortable, his head being quite clear. At 9 a. m. today his temperature was 99.6 and his pulse 68.

TO INVESTIGATE LOSS OF MONTICELLO.

Halifax, N. S., November 18.—Capt. W. H. Smith, Dominion wreck commissioner, Capt. Bloomfield Douglas and Commander Spain, will leave tomorrow morning for Yarmouth to commence an official enquiry into the foundering of the steamer Monticello in the Bay of Fundy by which 36 lives were lost. All three captains are royal naval reserve officers. From Yarmouth the court will be removed later to St. John, the last report the Monticello left on her fatal trip, to obtain further evidence.

SENATOR DAVIS WORSE.

St. Paul, Minn., November 18.—The improvement which had marked the condition of Senator Cushman K. Davis during Friday and Saturday, seems to have received a decided check and the physicians report that he passed a very bad night last night and was restless and feverish throughout the day. The delirium which was a feature of the disease in the early part of last week, has returned and is more marked. His pulse has again risen materially as he has also his respiration. The bulletin issued by Dr. Stone at 9:15 tonight, reads as follows:

"Senator Davis passed a bad night, restless and slightly delirious. His temperature this morning was 100.2, pulse 96 and respiration 28. Throughout the day he has been feeling better, but is again restless and partly delirious tonight with a temperature of 99, pulse 110, and respiration, 28."

RAINS HAVE CEASED

And Fighting Resumed in Philippines.

Several Small Engagements in Luzon.

Rebel Stronghold Near Manila Dislodged.

Fifty Filipinos Killed and Many Wounded.

Manila, November 18.—(First uncorroborated news by telegraph since the American occupation.)—Last week witnessed a very considerable increase in rebel and American activity in the field. Many skirmishes occurred and several small engagements in Northern and Southern Luzon. The termination of the rains permits resumption of operations on both sides. The Americans are undertaking a series of aggressive movements against the insurgents, notably upon the island of Samar, against General Lukban whose forces hold the entire island with the exception of three coast towns, each of which is garrisoned by two companies of the 39th infantry and a platoon of artillery. The rebels are continually shooting into the garrisoned towns and our forces have not been sufficient to retaliate effectively. Commerce in Samar has been at a standstill and most of the local inhabitants have departed. General Hare has arrived there with 250 men. He will bring eight companies of the second infantry from the island of Marikina, as they may be needed, and will proceed energetically to crush General Lukban. Meanwhile, United States gunboats will patrol the coast to prevent the escape of the insurgent leader Lukban still holds three members of the 3rd regiment prisoners.

General Wharton, commanding in the department of Northern Luzon, is sending reinforcements to Gen. Young's province, where the natives, under General Tinto and Aligpay, the excommunicated priest, are showing signs of restlessness, deserting the domiciles they have occupied during the rainy season and joining under compulsion of fear the insurgents in the mountains.

Notable among the week's engagements was General Grant's advance with Macabebe and American scouts, upon a rebel stronghold 85 miles north of Manila, which was defended by 100 insurgents armed with rifles. After skirmishing and fighting for the greater part of a day and night, the enemy was dislodged from the mountain fastness and immense quantities of rice and stores, with considerable ammunition, were destroyed.

Fifty Filipinos were killed and many others wounded. The insurgents carried off their dead. The American losses were 11 privates and one officer wounded and one Macabebe killed. Lieut. Frederick W. Alstaeter of the engineers, who was captured by the insurgents in Luzon last September, has sent, with the permission of his captors, a letter to Manila, asking for food and money and clothing which will be forwarded to him by a native runner. His health is broken and his release problematical. Gen. MacArthur has gone to Subig bay with Admiral Remy on the United States cruiser Brooklyn for the purpose of examining the locality. It is probable that 1800 marines, now in Philippine waters, will be used to relieve certain army posts, rendering the relieved soldiers available for other and more urgent duties. It is understood that Gen. MacArthur is considering the question of establishing more marines in the vicinity of Subig. He is expected to return here tomorrow.

Although news and commercial messages between Manila and points in America and Europe are not subject to censorship, all messages between the Philippines and the Orient are censored as heretofore.

HAWAIIANS ARE THIRTY.

Washington, November 18.—The decrease of the Hawaiian race has been steadily growing less rapid for the past several decades, especially the female population, according to the annual report of ex-President Sanford B. Dole, governor of Hawaii.

An encouraging outlook for the Hawaiians exists in the fact that out of 6,927 owners of real estate in 1896, 9,936 were pure Hawaiians and 722 part Hawaiians.

SECRETARY ROOT AT SANTIAGO.

Santiago de Cuba, November 18.—Mr. Elihu Root, United States secretary of war, Gen. Wood and Mr. Root's son, arrived here this evening at 7 o'clock on the revenue cutter from Manzanillo.

TWO PERSONS KILLED.

Buffalo, N. Y., November 18.—A section of the Minnesota ore docks situated on Blackwell canal in this harbor, collapsed today under the weight of 6,000 tons of ore. Two persons were killed and one injured. The property loss is estimated at \$150,000.

CAPT. MCALLA IN TROUBLE AGAIN.

Manila, November 18.—Capt. Bowman H. McCalla of the United States cruiser

Newark, is undergoing trial by court martial convened by Admiral Remy. He is charged with "irrational and bad management and lack of discipline" on board the cruiser.

The trial is the result of a letter written by Lieut. Commander Colwell to Admiral Remy.

The witnesses are being examined on board the Newark and the court's decision will be officially sent to Washington.

REV. MR. MOODY'S SUCCESSOR.

London, November 19.—The Rev. N. Campbell Morgan, minister of Newcourt Congregational chapel, Tooting Park, London, announced from his pulpit yesterday that he had accepted the pastorate at Northfield, in succession to the late Dwight L. Moody.

In a letter announcing his resignation, which will occur not later than February next, he says: "I have come to the conclusion that the invitation from Northfield is the call of God."

MORE DELAY.

Pekin, November 17.—The preliminary note has not yet been presented. Its terms are not completed and there probably will be a further delay.

EXPANSION BLACKSTONE CIGARS

The addition to our factory is completed. We now have a frontage of 172 feet on three streets, Endicott, Stillman and Morton.

This is the largest factory in New England used solely for the manufacture of Cigars. The sale on Blackstone Cigars is millions ahead of any other 10-cent Cigar.

2.30 p.m. to 6 p.m.

AMERICAN SHIPPING.

It Has Grown Much the Past Year.

Passed Five Million Mark First Time Since War.

Great Part of Increase on Great Lakes.

Ocean Carrying Trade Is Insufficient.

Washington, November 18.—The report of Commissioner of Navigation Chamberlain, made public today says the past fiscal year has been the most prosperous period known to American shipping for some years. Returns for the current fiscal year promise an even more satisfactory record. For the first time since the Civil war, the documented tonnage of United States exceeds 5,000,000 gross tons. On June 30, 1900, American documented tonnage comprised 23,333 vessels of 5,164,339 gross tons, an increase of 360,000 tons over the previous fiscal year. Our maximum tonnage was 5,599,813 tons, in 1891. Our shipping, the report adds, in 1891, was larger than Great Britain's and nearly equalled the British empire's. British shipping now amounts to 14,861,000 gross tons.

American vessels are almost wholly confined to the coasting trade, which employed last year 4,338,145 tons or more than the total tonnage of Germany and France. Our tonnage in the foreign trade was only 816,736 tons, and carried last year only 9 per cent of our exports and imports.

The report says that for serious competition with foreign nations in the ocean carrying trade we are practically restricted to 97 registered steamships over 1,000 tons, aggregating 269,855 tons. Single foreign steamship corporations own greater tonnage. Japan has 83 ocean steamships of over 1,000 tons, aggregating 285,000 tons. Besides these steamships, we have 125 registered sailing ships, over 1,000 tons each for the deep sea trade. More than half of these are over 20 years old and as such vessels disappear their places are not supplied by new construction. Our tonnage is distributed between the Atlantic and Gulf coasts, 2,737,592 gross tons; Great Lakes, 1,395,387; Pacific coast, including Hawaii, 612,944 tons; Mississippi and tributary rivers, 258,450 tons. Our steam vessels amount to 2,637,797 tons; documented canal boats and barges to 228,400 tons; and the remainder 1,844,243 tons are sail vessels and schooner barges.

The increase in our shipping during the decade was 749,343 tons, of which 563,533 tons stand to the credit of the Great Lakes. The increase in ten years on the Pacific has been 184,612 tons, due mainly to Alaskan and Hawaiian trade, and on the Atlantic and Gulf coasts only 89,357 tons, while the tonnage on the Mississippi and tributaries has decreased 86,000 tons. Since 1890, the world's steamships have increased from 12,985,000 gross tons to 22,300,000 gross tons, sail vessels have decreased from 9,160,000 tons to 6,674,000 tons and the effective carrying power of the world's merchant fleets has increased 60 per cent.

The most notable change in the world's shipping has been in the size of steamships. In 1890 there were 218 ocean steamships of 4000 tons or over, while now 180 such steamships aggregating 5,600,000 constitute one-fourth of the world's steam tonnage. Increased speed, though great, has been less noteworthy. Of the ocean steam tonnage of 1890, 13 per cent, 433 screw steamships, 1,050,000 tons, were of 12 knots or over. Of ocean tonnage in 1900, 24 per cent, 1,159 screw steamships of 5,250,000 tons are of 12 knots or over. The bulk of 90 per cent of the world's shipping are now made of steel, compared with only 20 per cent in 1890.

Concentration of the world's ship owning has been notable during the decade. The 20 principal steamship companies of the world own 1,600 steamships of 5,610,000 gross tonnage, (including some vessels now building), or one-fourth in tonnage and more than one-quarter in carrying power of the world's ocean steamships. Of these only nine of 81,000 tons, owned by the International Navigation company are American.

LATE MARINE.
Boothbay, November 18.—Arrived, tug Bismarck, towing Olamha Mills (Ital), Portland.

Boston, November 18.—Arrived, tug Carbonero, Philadelphia, with barge Suffolk, Thomaston and Alaska; Cheektown, Portland, with one barge.

Delaware Breakwater, Del., November 18.—Arrived, schooner R. F. Pettigrew, from Portland.

PURIFYING NEW YORK.
New York, November 18.—Two song and dance artists were arrested at the Grand Opera House today. Frank Graf-

A Great Medicine.
"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps of Potosi, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cure which it effects even in the most severe cases make it a favorite everywhere. For sale by Heselton, 287 Congress St.; Stevens, 107 Portland St.; Good, Congress Square; Raymond, Cumberland Mills,

fen, manager of the Metropolitan theatre, was arrested.

The police raided a club on East 97th street and arrested 17 men and two women and captured a lot of dice and chips. A Brooklyn gambling house was also raided and persons taken into custody.

THE ICE TRUST.

Gov. Roosevelt Prepares Memorandum of Charges Against Mayor Van Wyck.

Albany, N. Y., November 18.—Governor Roosevelt has prepared the following memorandum of the charges against Mayor Van Wyck of New York city, in the trust matter:

"There are three wholly distinct sides to the ice trust matter. In the first place, there is the general question whether the American Ice company dealing as it does in a necessity of life to the poor people of New York, was one into which it was proper for a public spirited man to enter. This is, of course, not a question for legal action in any shape or form. Moreover, it is unnecessary to point out that whether the corporation is legal or illegal, proper or improper in character, it is an act of hypocrisy on the part of any public man to denounce trusts in general and this trust in particular, on the platform and on the stump, while he at the same time, in his private capacity, holds stock or has held stock in the trust that he thus denounces.

"Attention is called to this feature simply because an effort has been made to show that unless legal action against the trust or some of its stockholders can be taken, these public men are to be exonerated.

"Second—There is the question whether or not the existence of this so-called ice trust is in violation of the anti-trust law. This, of course, can only be decided by the courts.

"On May 25th, 1900, the attorney general instituted proceedings to annul the certificate of the ice company under this statute. The corporation through its counsel has fought the action at every stage on technicalities, not on the merits of the case. The first decision before Judge Chester was in favor of the state. An appeal was taken by the defendants, which was argued weeks ago, and the attorney general is daily expecting a decision by the appellate division on this appeal. The defendants obtained a stay of proceedings pending the appeal. All possible diligence has been shown by the attorney general in the effort to secure the annulment of the certificate and nothing could have been done by the state to expedite proceedings which has not been done. The delay is due, of course, to the course of the corporation itself, whose stockholders include the public men above alluded to. We now come to the third side of the matter; the only one on which the Governor in his official capacity has any power whatsoever to act, viz: The charges against Mayor Van Wyck.

"Inasmuch as the question as to whether the ice corporation is or is not a trust or monopoly is before the courts for decision, until they have acted, action by the Governor can only with propriety be taken under this section, it makes no difference, as regards the Mayor's conduct, whether the aforesaid corporation is or is not a trust within the meaning of the law."

MORE PEAKS STRENGTH.

Senator Hale and Hamlin Come Out For Him.

Augusta, November 17.—Col. J. B. Peake's friends say today that his chances for the judgeship are still stronger, his latest development of support being in Hancock county. Senator Eugene Hale and Col. Hannibal I. Hamlin have written strong letters endorsing him, and other prominent members of the Hancock bar are giving him their support.

WRECKAGE FROM HUDSON.

Nantucket, Mass., November 18.—Wreckage, consisting of a portion of a vessel's after-house, with the name Hudson painted on it, a portion of the hull and some other wreckage with the name Hudson carved into the wood washed ashore on the east end of Nantucket island, near Cohata life savings station, today. This wreckage, without doubt, is from the barge Hudson which, together with the barge Robert Ingle Carter, broke adrift from the tug Tesser off Montauk Point on the night of the 9th inst., during a violent westerly gale, since which time the Tesser has been constantly searching for them. This wreckage shows conclusively that the Hudson either foundered at sea or was stranded on one of the numerous southerly shoals of Nantucket and broke to pieces.

It is probable that the crew of four men have perished.

Tugs Gladiator and Tesser are now at sea searching for the two barges.

ALDERMEN BACK DOWN.

Augusta, November 17.—Much comment has been made in this city since Thursday evening's session of the board of aldermen when an order was passed voting the mayor and the aldermen free admission to entertainments at the local opera house. At a special meeting of the board held this evening on motion of Alderman Keene, who introduced the order at the previous session, it was rescinded.

BURNED TO DEATH.

Belfast, November 17.—Mrs. Fanny Rogers of Seaport was burned to death in the ruins of her home this morning, her husband and son barely escaping with their lives. An overturned lamp is supposed to have started the fire. Coroner Combs of Belfast was summoned, but considered an inquest unnecessary.

CHARITY GONE WRONG.

Baygor, November 17.—News was received here today of the wreck at North Brookline, Me., of the schooner Charity. The crew were saved.

The Charity was a vessel of 85 tons, built at Hacksnack, N. J., in 1884 and hailed from Rockland, she had a cargo of 75,000 feet of lumber shipped by Morse & Co., of Bangor.

THE LIMON ATROCITY.

A Mass Meeting in Denver to Protest Against It.

Denver, Col., November 8.—At a mass meeting held today strong protests were made against the actions of the Limon mob that burned John Porter, the negro rapist and murderer, at the stake. The meeting was presided over by C. M. Hobbs, president of the Y. M. C. A. and speeches were made by Gov. C. S. Thomas, Mayor H. V. Johnson, of Denver, President Slocum of Colorado college, Rabbi Friedman, Rev. Mr. Coyle, Mrs. Sarah Plattedecker, prominent in women's club circles, and others. They all spoke in strong terms condemning what was termed the "Limon atrocity," and also denounced the sensational display of newspaper stories concerning it. The audience was stirred at times to riotous demonstrations of approval. Resolutions adopted admit the difficulty of adequately characterizing the crime for which Porter was punished, but declare that however much the negro by his crime merited death no crime can justify recourse to such barbaric methods and that while the action of the people of Lincoln county is attributed to excitement and passion, it is none the less condemned and disapproved. Hope is expressed that a law will be speedily enacted in Colorado, providing effective punishment for such crimes and providing punishment for any one taking part in a lynching.

Governor Thomas in the course of his remarks said:

"I do not believe the people of this state are worse than the people of any other state. This is as civilized a community as any state in the union and in all of them we hear of occurrences like this when the people have been suddenly aroused to some such terrible act, when some such awful crime as this negro's crimes to heaven for vengeance. For the agonized parents and for whatever they have done I have no words of blame or censure. Put ourselves in their places and we can understand their wild desire for vengeance."

The Governor disclaimed any responsibility for the affair, saying that he understood that Sheriff Freeman had agreed to leave Porter in jail for eight days and had gone out of town so believing, only to return to learn that the sheriff and prisoner were on the way to Limon.

"This awful offense has been committed by an entire county," he continued, "and all that we can do is to deplore and condemn this act of barbarity."

BOERS ARE ACTIVE.

Pretoria, November 18.—The Boers are active. It is alleged that Commandant Louis Botha has established a government at Kooenad, north of Midburg and that with the £150,000 which he has available, he is paying the fighting burghers a crown a day.

Commandant Abel Erasmus, is said to be at Oliphants river with 2,000 men, 1,000 wagons and 12,000 cattle.

From Heidelberg, it is reported that the Boers are compelling the burghers who had surrendered to take up arms again under pain of death.

MOSQUITOES CREW AT HOME.

Boston, November 18.—The British steamer Ulltonia, Capt. Potter, from Liverpool, arrived here today, bringing among her passengers the crew, 15 in number of the Gloucester fishing schooner Mary P. Mosquito, which was sunk by collision with the Cunard steamship Saxonia, in Massachusetts Bay several weeks ago, while the latter was on a voyage from this port to Liverpool.

WESTBROOK.

DR. JOHN SWAN.

Dr. John Swan, a well known physician, died at his home in this city Saturday noon. He had recently been in better health than usual until Sunday night when he was taken suddenly ill and from Thursday on no hope was entertained for his recovery.

Dr. Swan came to Westbrook from Lewiston 16 years ago, and fourteen years had a large and successful practice. Five years ago ill health obliged him to retire from active work.

The deceased was born in Brownfield, Maine, November 1, 1840. His education was acquired at Freeport Academy and Bowdoin college. Soon after obtaining his degree he enlisted in the army serving in the U. S. Cavalry as assistant surgeon.

For nearly a generation Dr. Swan was active in his chosen profession. His capacity for hard work was remarkable, and the success which attended his labors was a source of much gratification to his many friends.

Dr. Swan was a member of the Warren church, and of the Masons, Knights of Pythias and Grand Army. Besides his immediate family consisting of a wife and eleven children, the deceased leaves a mother, still active at the age of eighty-seven, two brothers and three sisters.

(One sister is the wife of H. M. Raymond, and one of the brothers is Dudley T. Swan of this city.)

The funeral will be held at the home on Stroudwater street, Thursday afternoon, at two o'clock.

Mrs. Nellie Stiles and daughter Marguerite, of Waltham, are the guests of Mrs. Giles's parents, Mr. and Mrs. Cyrus B. Clay, Main street, Cumberland Mills.

Mr. George Giguere has gone to Montreal, where he has secured a position.

The T. L. Merrill company of Portland have completed the work of installing the telephone line between the Dean Water mill, the Haskell silk mill company and the office of the Westbrook, Windham & Naples Electric Railway.

THAT JOYFUL FEELING

With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Fig, is unknown to the few who have progressed beyond the old-time medicines and the cheap substitutes some times offered out never accepted by the well-informed. Buy the genuine. Manufactured by the California Fig Syrup Co.

J. R. Libby & Co.

Remnants Dress Goods Monday.

What a pity that every piece of Dress Goods does not hold out just so many Dress Patterns even—and no Remnants.

'Twould be a good many dollars more "to-the-good" in our bank account.

But most every piece has a REMNANT-END, the loss on which gnaws a big hole in the profits, on Remnant-Selling day.

'Tis so much easier and pleasanter to sell a full Dress Pattern in the rush of Autumn selling than the Remnants get scant attention.

So, quite a goodish lot of Remnants, Short-lengths, Waist and Skirt Patterns and Children's Dress Lengths have accumulated here.

We have gathered them together, classified them into lots, marked them at HALF-PRICE and less than half, and put them on the Central Bargain Counter for A Grand Monday Remnant Sale.

They are High-grade, Medium and Inexpensive Kinds.

Such goods as Cashmeres, Serges, Plaids, Coverts, Venetians, Storm Serges, Cloakings, Silk-and-Wool, and All-Wool Mixtures, Camel's-hairs, Cords, Cheviots, Flannels, Twills, Checks, Vigoureux, Stripes and other grades.

Sale begins this morning at 8 o'clock.

J. R. LIBBY CO.

Company in this city, with the power house of the Mallison Falls Power Company at South Windham.

The Westbrook High school foot ball eleven are to play a game on Thanksgiving Day, with the Biddeford High school at Biddeford. The game is to be played at the Saco Driving park grounds. Biddeford is to put up a guarantee of \$25 and expenses which will give the boys a better opportunity than they would have at home. These eleven have met twice this season. The first game at Biddeford resulted in favor of Biddeford by a score of 6 to 5 and the second game at Cumberland Mills resulted in a tie, neither side scoring.

The old Cutter house, at the rear of W. H. Hanson's blacksmith shop has been demolished, and with it another landmark has passed into history. The house formerly occupied the site where O'Brien's barber shop is located. The house was moved to its present site about 30 years ago.

The members of Valentine hose company are making extensive preparations for the holding of their annual ball on Thanksgiving evening, at Odd Fellows' hall. The music for the ball is to be furnished by Lemieux's orchestra.

Mrs. M. A. Bettes has moved from Cross street to the Poole rent on Brackett street.

Mr. Chas. H. Davis, Winslow street who has been ill at his home for several weeks, is reported as improving, although not able to get out of doors as yet.

Mr. William Cobb and family, of Cleveland, Ohio, are the guests of Mr. Moss C. Cobb, of Rocky Hill.

The marriage of Mr. George Girard of Lowell, Mass. formerly a resident of this city, to Miss Mary Prosper of Lowell is to occur November 28. Cards have been received in this city.

Mr. Bert Downing has been ill at his home on Main street during the past week, with an attack of bilious fever.

Mr. C. H. Sweeney has opened a grocery store on Valentine street.

Westbrook lodge, Knights of Pythias, are making plans to hold a grand ball on New Year's evening, at the Odd Fellows' hall.

During the past week the resignation of Mr. Charles W. Wentworth as principal of the Bridge street grammar school has been tendered to the school committee, and will be formally presented to the school board for action at the meeting to be held next Wednesday evening. It is probable that the resignation will be accepted, as Mr. Wentworth has been offered a better salaried position in Boston, Mass. Mr. Wentworth resigns his position to accept a position to take charge of the Advent Publication society in Boston. Mr. Wentworth is to have charge of the publication, a position for which he is well qualified.

The West End W. C. T. U. has adjourned its meetings for four weeks, so that the next meeting will not be held until December 13. Mrs. N. A. Whitney, Spring street, is to entertain at the next meeting.

The census returns from the officials at Washington, D. C., show that the city of Westbrook made a gain of 1,651 over the census of 1890. This, in reality, means a greater gain than the actual figures show, for when taken into consideration, it must be remembered that during the past five or six years Westbrook has lost one large industry, the Westbrook Manufacturing company, which meant the

loss by removal from the city of quite a number of people. As business during the next few years shows signs of increasing prosperity, the population will be come increased, and the city in a large degree will regain its old time activity and usefulness as a manufacturing and industrial community.

The Westbrook public library, better known as the Walker Memorial library, will soon receive a set of the new nine volume edition of the messages and papers of the Presidents. These volumes are presented by Senator W. P. Frye, upon petition of the citizens of Westbrook.

Miss Rose Jackson, an employee in the sorting room of the S. D. Warren paper mills, jammed her heel Thursday afternoon, between the elevator and the side of the floor. No serious injury was inflicted, but the heel was quite badly bruised as a result.

There is to be an adjourned meeting of the Westbrook city government on Monday evening, at the council chamber.

The Cleaves Kliffes are to hold a three days' fair and series of entertainments this week, commencing on Wednesday and continuing through Thursday and Friday evenings, at the Odd Fellows' hall. On Wednesday and Thursday evenings a minstrel show by local talent is to be present. There is to be a chorus of 16 voices. Messrs. Brackett, Sawyer, Fred and Steve Kiffell are to act as end men. The Hazelton club will appear in the olio, and with the drill and other features the entertainment is sure to be a success. The receipts from the fair and entertainments will be devoted to a fund which will go toward defraying the expenses of the company on a trip to Washington, D. C., in March, 1901, on the occasion of the inauguration of President McKimley.

The funeral services for the late Mrs. D. W. Hunt were held Saturday afternoon at 2 o'clock, from the late residence on Cumberland street. The deceased was 89 years of age, and had been ill for a long time. The funeral services were conducted by Rev. C. F. Parson, pastor of the Methodist church. The burial was at Woodlawn cemetery.

The Current Events club will meet this week at the home of Mrs. E. T. Mayberry, Main street. The subject is to be "Science."

Another case of diphtheria has been reported. The patient is Hazel Campbell, aged six years, residing on Brackett street. Dr. Smith, the attending physician, has administered anti toxin, and the case promises to be a light one.

The Ammonocoon club will hold its next meeting at the home of Mrs. Ella Harmon. The subject is to be Oliver Wendell Holmes, and the programme is to be in charge of Mrs. Winifred Coriwell.

The supper held Thursday evening at the Westbrook Universalist church was attended by about 150 people and was a success in every particular.

Mr. Alexander McNeill died Saturday morning at the residence of Mr. Lewis Nason, Cumberland Mills, after an illness of about six weeks. The deceased was about 60 years of age. He has resided in Westbrook for about 20 years.

Mr. Edward Rollins, a Tufts college student is at the home of his parents, Mr. and Mrs. C. E. Rollins on a brief visit.

Mr. Albert Boucher is having an ice house, dimensions, 40x33 feet, built on land just above the new silk mill of the Haskell silk company. Mr. Boucher is to run a retail ice business in this city.

HOW BRAVE MEN DIED.

Manila, November 17.—Two hundred bolo-men with fifty rifles attacked Bagaon island of Panay, October 30. The Americans lost three men killed, Lieut. H. M. Koonce, Sergeant Kitchan and Corporal Burrell of Co. F, 44th Infantry. The enemy lost 100 killed, 21 wounded and 90 prisoners.

STONY BROOK SHAKEN.

Shiloh Missionaries Trying to Proselyte Members of Local Churches.

Stony Brook, L. I., November 18.—Stony Brook is shaken over the efforts of missionaries of a faith-cure colony near Shiloh, Maine, to proselyte members of the local churches.

The Rev. M. F. Fenton, pastor of the Methodist church, and other church officials are working to offset the efforts of the emissaries of the cultist community, which was organized by the Rev. Frank Sanford, and bears the title of "The Holy Ghost and Us Soberly."

Several members of Mr. Fenton's flock have gone to the colony, and to dissuade others from following their example Mr. Fenton is circulating copies of letters written by clergymen in and near Shiloh in which the society's methods are vigorously denounced.

Capt. Edwin Smith, one of the most prominent members of the local Methodist church, has for years suffered from an internal complaint, and this caused him to take much interest in faith curing. He visited Shiloh about two months ago and returned two weeks ago, saying he was cured.

His fervor became contagious, and Miss Lulu Blydenburgh, daughter of a wealthy resident of Stony Brook, went to Shiloh to be educated as a missionary.

Miss Thelma Smith, who has inherited \$10,000, and has as much more in prospect, became a believer, and took her young niece, Caroline Hulse, who is suffering from an affliction of the eyes, to Shiloh.

The girl was not cured because, Miss Smith asserts, her father was lacking in faith. Capt. Smith's daughter Stella, who is 19 years old, joined the healing community last week. The captain resigned from the local church and announced his intention of becoming a member of the Shiloh colony. He and his wife own considerable property here and in New York city.

Before anyone can join the Holy Ghost and Us society all worldly goods, it is said, must be turned over to the general fund. Mr. Fenton wrote for information regarding the society to three clergymen living near Shiloh. He refused to disclose their names, but said two were Methodists and one was a Baptist.

The letters received in reply denounced the society in the strongest terms, and warned all persons to keep away from it. The letters said that converts were compelled to part with all their property and were shamefully treated when more funds were not forthcoming.

The Shiloh schism asserted that young women were persecuted and insulted, that it was well known that the cruelties heaped upon certain young women had driven them insane.

Capt. Smith characterized these letters as defamatory and unjust. "There is nothing wrong there," he said. "What is done is done according to the Bible. They are doing God's work there—working as the Bible directs them to."

THE LIPPETT SAFE.

Highland Light, Mass., November 17.—The unknown schooner sighted far off shore this morning is the missing four-master Henry Lippett, Norfolk for Boston, coal laden, which was thought to have been wrecked on Nantucket Shoals or at least blown in to the Gulf stream during the storm of last week Friday.

Bucklin's Arnica Salve.

Has world-wide fame for marvellous cures. It surpasses any other salve, ointment or balm for cuts, Corns, Burns, Boils, Sores, Felons, Ulcers, Tetter, Salt Rheum, Fever Sores, Chapped Hands, Skin Eruptions, Inflammation of the Eyes. Cure guaranteed. Only 50c at R. P. S. Gould, 577 Congress street.

HARBOR NEWS.

Items of Interest Picked Up Along Shore.

Capt. Parsons, the pilot, has a new boat for service this winter. She is called the Ocean View and formerly ran between Newport and Block Island. This steamer is a good sea boat built on the lines of some of the lobster steamers and is just what was needed for the work Capt. Parsons has to do.

The steamer Bonita, with a good catch of herring on board, arrived here last Saturday afternoon. This business employs a good many men and is quite profitable now.

Every night some men from the big dredge now operating in the harbor has to go out in a boat, shin up the buoys which mark the ranges for the dredgers and put a lantern on top of the spar. The other night one of these men went out with a slight "jag" on. He forgot to hitch his dory to the buoy before he started to shin up to the top. The boat drifted away and the man hung there for dear life between heaven and the water until his predicament was discovered and he was rescued.

THE PORTLAND BISHOPRIC.

Washington, November 17.—It is learned at the papal legation that by reason of infirm health Dr. Alexander Mac-Gavriel, the coadjutor bishop of Chicago, has sent his resignation to Rome.

His resignation causes another vacancy in the American episcopate as the See of Portland, Me., which lost its bishop, Rt. Rev. James A. Healy, three months ago, still awaits an incumbent. It is said that the Roman authorities will probably fill this latter vacancy at the approaching papal consistory.

LOST HIS THUMB.

William Littlefield, an employee of F. A. Waldron & Son, dealers in flour and grain, No. 4 Union wharf, caught his left hand in an electric motor, Saturday afternoon, and had the thumb taken off near the first joint and the cords of the wrist torn and severely strained so that one fragment several inches in length, hung from the injured thumb. He was removed to the Eye and Ear Infirmary where the hand was dressed.

WORK FOR RAILROAD MEN.

West End men especially railroad men, will be interested in the address to be given this evening at 7 45 o'clock by General Secretary Garland of the Y. M. C. A., before the Men's Fraternity of the West Congregational church. Mr. Garland's subject is "Work for Railroad Men." There will be vocal and instrumental music, and a general social time. All men invited.

PARTIES UNKNOWN.

Limon, Colo., November 18.—After being notified that some fragments of a human being had been found on the prairie near where John Porter was burned at the stake, Coroner Brown and a jury summoned by him gathered up the "remains" and held an inquest. The jury's verdict was to the effect that the remains were those of John Porter and that "death was at the hands of parties unknown." The remains were buried in a small box near the scene of the lynching.

The C. T. A. C. will hold a special meeting at 7 30 o'clock tonight. All members are requested to be present. There will be an election of officers.

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm

cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drugists or by mail; Trial Size, 10 cents by mail.

ELY BROTHERS, 55 Warren Street, New York.

MISSED THE DEER.

Lincoln Center Man Made a Target of His Friend.

Bangor, November 17.—Fred Grant of Eddington was accidentally shot, the ball passing completely through his chest, at Chester, Friday noon, by W. E. Walcott of Lincoln Centre. The men were out deer hunting when an animal bounded between them. Walcott raised his rifle and fired, missing the game, but striking his companion, the ball coming out behind the shoulder blades. Grant was carried two miles through the woods to a farm house where medical attendance was obtained. He was living this morning and a nice complexion arises strong hopes of his recovery are entertained.

ODELL'S SUCCESSOR.

New York, November 17.—The Republican state committee met here today, accepted the resignation of Chairman B. B. Odell, Jr., governor-elect, and elected George W. Dunn of Birmingham as his successor. Mr. Dunn is a member of the state board of railroad commissioners.

FOR A BRACER.

The P. H. S. Eleven Played the Westbrook Boys.

Smarting from their defeat by the Freeport High school team, the Portland High school football players worked hard last week and Paul Gould and the coach succeeded in cheering them up a bit and getting them into line order for the great game of the season which comes off next Saturday on the Deering grounds when Portland meets its old rival, Bangor High school. The Portland boys are in good condition for this game as evidenced by their snappy and fast football Saturday afternoon on the Deering grounds when they defeated Westbrook High school by a score of 34 to 0. The Westbrook men expected to win the game, but somehow seemed to lose their head after the first touchdown and from that time out were comparatively easy opponents for the Portland boys. Nevertheless the game was just what was needed to bring out the strong points of the Portland players, who are all in fine fettle for Saturday's game. Dr. Drummond and Frickable the ex. showed themselves very fast in getting down the field after the punts and nailed their man generally for a loss. Adams and Coyne were tackling very aggressive and right in the midst of every play. Ross, Hodge and Flannagan are a strong trio for the center of the line and no gains were made there Saturday. Behind the last Seiders, the quarter back, handled this team well. Woodbury and Conley, the half backs divided the honors in making runs and were aided by a strong interference each time. The substitutes who were given a chance to show themselves did not seem to weaken the team any.

Wallace Deering's line bucking was the best seen this year for of the six touchdowns being to his credit. Particularly good was Woodbury and Conley on punting and on the whole Saturday's game was very encouraging to the High school lads who hope to win next Saturday's game with Bangor. As this is the last game before the Bangor game it is hoped that the old players in town will turn out and help coach the boys. Line up: Westbrook High B. Drummond, 1, e, Lowell Adams, 1, b, r, Booth Ridge, 1, g, r, g, Pickard Flannagan, c, c, Richardson Ross, r, Thomas, 1, g, Herman Coyne (H. W. Drummond), 1, b, Skilling Frickable (W. Drummond), (Shier), r, e, Blanchard Seiders, (W. Drummond), q, b, Woodbury, (Coyne), q, b, Henderson (ble), 1, b, b, r, h, b, Parker Conley, r, b, b, f, b, Anderson Deering, f, b, f, b, Hooper, (Honey) Score: Portland High 34; Westbrook High 0 Touchdowns, Deering, 4; Woodbury 23. Goals from touchdowns, Seiders, 4. Umpire, Stevens of Portland. Referee, Henderson of Westbrook. Time, 30-minute halves.

TEN-NOTHING.

How Westbrook Seminary Beat Kent's Hill.

Kent's Hill was defeated by Westbrook Seminary Saturday afternoon by a score of 10 to 0. Twice Kent's Hill had the ball on Westbrook's ten yard line and then lost it with a touchdown in sight. Kent's Hill was strong on offensive plays, but weak on the defensive. Both teams were equal about an equal weight, but the Kent's Hill aggregation showed a lamentable lack of proper coaching. Their backs and big guards plunged wildly into the Westbrook line with no effect as they might have been. Once with the ball on their own ten yard line Kent's Hill should have punted, and by so doing would have saved a touchdown. Instead they tried their guards back formation which was effectively blocked and Westbrook took the ball on downs and immediately afterwards Wilson went down the Kent's Hill line for a touchdown.

The playing of Westbrook was of the gilt-edge style. By delayed passes and end runs their backs gained much ground. The Westbrook ends are as good men in their places as are often seen on a school team, while the general team work is excellent. This team has made a fine record this season and has some excellent material for some of the Maine colleges to secure when the time comes.

The attendance at this game was not large, but the crowd made up by enthusiasm what it lacked in numbers. Kent's Hill started the game by kicking off. Westbrook handled the ball poorly and the man who caught it was downed almost in his tracks on the ten yard line. From this point by pushing their play through Kent's Hill weak kick, Westbrook carried the ball the length of the field in short order. When within 10 yards of Kent's Hill line Vaughan circled the left end for a touchdown. Wilson failed at goal. Score, Westbrook, 5; Kent's Hill, 0.

Kent's Hill kicked off to Westbrook and the ball was advanced this time to the center of the field. Here after one play the ball went to Kent's Hill on a fumble. Kent's Hill rushed the ball to Westbrook's ten yard line by the guards' back formation and then lost it on a fumble. Immediately after this Vaughan was sent around the left end on a delayed pass and with a magnificent interference made a sensational hundred yards dash for a touchdown. From this a goal was kicked and the score was Westbrook, 11; Kent's Hill, 0.

Kent's Hill kicked off again and Westbrook carried the ball to the 25 yard line. Snyder on a delayed pass got 35 yards and the ball was lost to Kent's Hill on a fumble. They were trying the guards' back formation with success when the ball was caught by a man who didn't seem to know what to do with it and so stood still until he was downed. After a try to push a play through line the Japanese tackle of Westbrook, which the Jap stopped in great style, Kent's Hill should have punted. They did nothing of the sort, but tried the same trick again with no better success and lost the ball. In four plays Westbrook pushed Wilson around the left end for the third and last touchdown.

In the rest of the half Kent's Hill worked hard to score. Twice they had the ball well into Westbrook's territory, their guards back play giving them much gain until the Westbrook team backed behind the tackles and made a play for the ball on downs. It was a pretty game to watch. The Westbrook team has been well coached evidently and plays

as good football as any aggregation about Portland.

The line up: Westbrook Seminary. Kent's Hill. Snyder, 1, e, r, e, Ballanhouse Sennett, (Hatch), 1, e, r, t, Denning Knight, 1, g, r, g, Ayer Coyne, c, c, Campbell Jenks, 1, g, Erskine Ito, r, f, 1, J. Hood McVane, r, e, 1, J. Johnson Nelson, q, b, 1, J. Johnson Vaughan, (Sennett) 1, h, b, q, b, Allen Wilson, r, h, b, 1, h, b, Allen Jordan, f, b, 1, b, Scribner

Score, Westbrook Seminary, 16; Kent's Hill, 0. Touchdowns, Vaughan, 3; Wilson, 2; Seiders, 1. Goals from field, Wilson, 1. Umpire, Gould of Bates. Referee, Kelley of Portland. Linesmen, Watkins and Tibbets. Time, 30-minute halves.

HARD FIGHT HT.

How Bowdoin Won Victory on Tufts Oval.

Medford, Mass., November 15.—Bowdoin defeated Tufts at Tufts oval this afternoon, 17 to 11. The game was the fastest and hardest seen at College Hill this year and was exciting from start to finish, for the victory was not sure until the last moment of time was over. Bowdoin began the game with fast, snappy rushing and in ten minutes of play Gregson carried the ball over for the first score. Hill failed to kick the goal. During the last 15 minutes of the first half, Tufts clearly outplayed the Maine men and kept the ball in their territory most of the time, although unable to score.

The second half was even faster. After about 10 minutes of play Hunt turned Tufts' right end and made a sensational run of 45 yards for Bowdoin's second touchdown. Hill kicked the easy goal. After the kick-off Tufts braced up considerably and held for downs, after which she started down the field by alternate end runs and line bucking. Bowdoin was unable to check her advance and soon the ball was on the visitors' 10 yard line. Here it was given to Haggood, the big left tackle, who, with four Bowdoin men clinging to him, rushed the distance for a touchdown. In this distance a large portion of his clothing was torn from him. Ray kicked the goal. By hard line bucking Bowdoin made their third touchdown within the next four minutes and Hill kicked the goal. Then Tufts' hardest fight of the game began, the score was 17 to 5 against her and there remained only five minutes of play. The Bowdoin line was torn to pieces again and again until Knight carried the ball over for Bowdoin's second score. Ray failed to kick a goal. The Medford boys then gathered for a final effort to tie the score, but the time was too short. The game closed with the ball in Bowdoin's possession on her own 35 yard line. The line up: Bowdoin. Plunkett, 1, e, Bodwell Haggood, 1, t, Pierce, r, g, Phipps Kennard-Garlan, 1, g, Hamilton J. Butler, r, f, La Forier P. Butler, c, b, Pratt Smith-Flagg, 1, h, b, Gregson Perkins, r, h, b, Hunt Knight, f, b, Coffin

YALE WINS EASILY.

Defeated Princeton 29 to 6 at Princeton Saturday.

Princeton N. J., November 17.—Princeton wound up the most disastrous football season in the history of the University at dusk this evening, losing her game to Yale by the score of 29 to 6. Never has an Orange and Black eleven been so humiliated. Yale has rolled up larger scores but never has she shown her superior strength in such a marked degree as she did this afternoon. There was only one department of the game in which Princeton excelled and that was in the kicking. Mattie, the Princeton full back, easily out-punted Hale.

The teams lined up as follows: Yale. Position. Princeton. Gould, 1, e, Pell (Capt) Bloomer, 1, t, Sheffield Wright Brown, (Capt.) 1, g, Lossy-Butkiewicz Olcott, 1, g, r, g, Mill Sheldon, r, g, f, t, Datta Stillman, r, t, Datta Coy-Kafferty, r, e, Little Wear, q, b, Meter-Duncan Fincke, 1, h, b, McConcord Chadwick, r, h, b, Ketter-McClure Hale-Dupe, f, b, Mattie

Score—Yale, 29; Princeton, 5. Touchdowns—Gould, Bloomer, Stillman, Chadwick, Fincke. Goals from touchdowns—Hale; Brown. Goal from field, Mattie. Umpire, Dashiell, Lehigh. Referee Edgar N. Wrightington, Harvard. Timekeeper Whiting, Cornell. Linesmen, Mr. Janeway for Princeton; Dr. Hull for Yale.

P. H. S. SECOND, 6; EMERSON, 0.

A very exciting and well contested football match was played on Saturday morning between the P. H. S. second eleven and the Emersons. The High school team won by a score of 6 to 0. The touchdown was made by Conley, who was over the line and the end of the second half with only 32 seconds to play. Powers kicked the goal. The halves were 20 and 15 minutes. The line up: Emersons. Capt. Holt, r, e, Cushman Stevens, r, h, b, Curtis Libby, f, t, Leighton Robinson, r, g, Hinkins Drummond, q, b, Capt. Bowden Sheafe, f, b, McDonough Turner, 1, g, C. Leighton Bickford Conley, 1, h, b, Ward Powers, 1, e, Bruce

Touchdown, Conley. Goal, Powers. Timer, Haskell. Referee, Ridge; Umpire, Stevens.

NORTH SCHOOL, 5; DEERING HIGH FRESHMEN, 0.

The North grammar school football eleven played a game of football Saturday afternoon on the Westbrook Seminary grounds with the freshmen eleven of the Deering High school. The game resulted in favor of the North school eleven by a score of 5 to 0. The score was won on the left side play made by the North School eleven.

EDWARD LITTLE HIGH, 1; BRIDGTON ACADEMY, 0.

Lewiston, November 17.—The eleven of the Edward Little High school and Bridgton academy played here today, the game resulting in a score of 11 to 5 in favor of the home team.

LINE-UP.

At Worcester—Holy Cross, 1; M. I. T., 0. At Annapolis—Columbia, 11; Navy, 0. At Easton—Lafayette, 17; Cornell, 0. At Chicago—Wisconsin, 39; Chicago, 5. At Washington—Georgetown, 10; University of Virginia, 0. At Ann Arbor—Michigan, 7; Notre Dame, 0.

At Lawrence, Kas.—Nebraska, 12; Kansas, 0. At Providence—Brown Sophomores, 11; Freshmen, 5. At Minneapolis—Minnesota, 21; Northwestern, 0. At Chicago—Wisconsin 39; Chicago, 5. At Indianapolis—Indiana, 0; Illinois, 0. At West Point—Cadets, 15; Bucknell, 10. At New Haven—Harvard '04, 18; Yale '04, 0. At Hanover—Brown, 12; Dartmouth, 5. At Philadelphia—U. of P., 10; Carle, 0.

THANKSGIVING DAY GAME.

On Thanksgiving Day in the forenoon Bowdoin College foot ball team will play their third annual game on the Forest avenue grounds; but this year in place of the old P. A. C. champions, they will line up against the sturdy foot soldiers and from start to finish this game will be stubbornly contested. The Bowdoin are the acknowledged champions of all the college foot ball teams in Maine and have many new and novel plays this year. The soldiers know this and are putting in all their time in practice and by Thanksgiving Day a stronger, tougher team of pig skin chasers will be hard to find. The game will be played in the forenoon so as not to conflict with any other amusements, and will be finished by noon.

A CHALLENGE.

The Emerson second eleven challenge the second eleven of the High school to play a game on December 1, in the morning, on the Eastern Promenade.

THE POLO PLAYERS.

Portland Defeated by Lewiston Eight to Five.

Lewiston, November 17.—Lewiston defeated Portland tonight in a close and exciting game. The visiting team took the lead at the start but were unable to hold it. The features were the work of Hipson for Lewiston and Kenney for Portland. The line-up and summary: Lewiston. Position. Portland. Hipson, rush, Campbell Doe, rush, Meade Menard, center, McKay Janelle, half back, Cameron Arrington, goal, Kenney Won By, Caged By, Time.

Portland. Campbell, 3.20 Lewiston, Hipson, 1.40 Lewiston, Doe, 3.30 Lewiston, Campbell, 4.10 Portland, Campbell, 7.00 Lewiston, Hipson, 1.50 Lewiston, Campbell, 2.30 Lewiston, Hipson, 4.30 Lewiston, Hipson, 2.10 Lewiston, Hipson, 1.40

POLO NOTES.

The enthusiasts of polo are pleased with the games that have been played in Portland so far this season. The last Thursday evening when the Baths proved to be the strongest combination that Capt. McKay and his men have had to face this year.

Tuesday evening the Rocklands will be at City Hall and Thursday night the Baths will again play in Portland. Campbell is the team's brilliant player of yore and his work this season excels anything that he has done in the past. Capt. McKay says that he expects the team to take a big brace and to soon be right up with the leaders.

ANOTHER MYSTERY.

Searching the Woods For a Crazy Man Who May Have Been Robbed.

Bigelow, Maine, November 17.—Richard Le Bannion of Crockettown, who is supposed to have been left a legacy, was taken insane and a trip to Lewiston, and is now at large. A large party has been out looking for him in the woods, but he is thought to be dead. He is supposed to be the victim of a crime.

Wednesday morning the entire force at the mill at the Crockettown Lumber company, about 75 in number, started in search of him. They hunted all day through the woods, covering a distance of several miles. Tracks in various places were found which were thought to be his.

Since Tuesday he has been heard running through Stratton village in the night and several people are now telling stories of seeing him in various places, before he was known that he was on the railroad track, shouting for some woman he saw in his vision, to get off the track.

At times during his stay at Crockettown he talked of dying and told his friends that if he should die there were valuable papers in his pocket that would give information about his property. It is thought that he was given a drug in Lewiston, where his money, some \$100 in amount, was taken from him.

STATE OF MAINE.

Thanksgiving Proclamation by the Governor.

As we approach the end of the year and the sunset hour of this 19th century, the people of Maine should be devoutly and truly thankful to Almighty God for the blessings and progress which this year and the century have brought to them and to the state; for the spirit of patriotism, love of country and unflinching devotion to duty which have pervaded both our state and nation, and for the bright sun of hope, prosperity and confidence in the future, already illuminating the threshold of the coming year. We have had abundant harvests. The interests of education have been promoted. Law, order, individual liberty and personal security rule and bless every part of our commonwealth. Never in its history were the skies brighter or the people more prosperous and happy. "The hand of God has been upon us for good." In grateful recognition that "this also cometh down from the Lord of Hosts, wonderful in counsel and excellent in working," and following and conforming to a time-honored custom of our forefathers, I, Lewisellyn Powers, Governor of the State of Maine, with the advice and consent of the Executive Council, do hereby designate

Thursday, the 29th day of November, A. D. 1900,
as a day of General Thanksgiving, to be observed by all good citizens in a manner befitting a Christian and God-fearing State. Let no one fail to remember on that day, with charity and benevolence, the poor and unfortunate.
Given at the Executive Chamber at Augusta, this thirtieth day of October, in the year of our Lord one thousand nine hundred, and the Independence of the United States of America the one hundred and twenty-fifth.
LEWIS ELLYN POWERS,
By the Governor,
Byron Boyd,
Secretary of State.

The programme which Lord Kitchener outlines for South Africa seems to have been fashioned along the lines of that which Weyler tried to enforce in Cuba. It looks to the extermination rather than the conciliation of the inhabitants. With good reason after reading in Gen. Weyler declared that his methods in Cuba had been vindicated. In one respect Weyler's programme was more defensible than Kitchener's. Cuba was a province of Spain and had risen in revolt. Weyler was putting down a rebellion against lawfully constituted authority, while Kitchener is trying to reduce to subjection a country to which the British have no right except what might give them.

The movement for the annexation of South Portland is decidedly premature. Doubtless some time in the future the two cities will be united, but not now. Portland has too many unsolved problems on its hands at present, and the annexation of South Portland would add many more. The bill which has been prepared proposes to bring about the union of the two cities by legislative act without any expression of opinion by the people of either. It is true that Deering was annexed in this way, but not until after there had been repeated votes by both phases, and it had been demonstrated that an overwhelming majority of the people of Portland favored union, while the people of Deering were divided about equally. To unite Portland and South Portland without any expression at all would be a stretch of power which no legislature will be guilty of.

The burning of the boy Porter at the stake in Colorado, was the most fiendish lynching that has ever taken place in a Northern state, and when viewed in all its aspects it surpasses in diabolical cruelty anything of the kind in the South. It was not a sudden outburst of fury on the part of a mob, as the great majority of the lynchings at the South have been. A week had intervened between the murder which the boy had committed and the lynching, so it is evident that the affair was carefully and deliberately planned. The people engaged in it were not the scum of society as was the case in the recent negro lynchings in New York and New Orleans, but men, and women too, of respectable standing. The method of execution was selected by the father of the murdered girl, after that privilege had been conferred upon him by vote of the crowd. None of the spectators seems to have been horrified or shocked in the slightest degree by the savage spectacle, but all appear to have thoroughly enjoyed the coartations and ories of the victim. Such affairs in the South do admit of the slight extenuation that it is necessary to strike terror to an element of the population which is in the majority, and which is inclined to be lawless, but there are very few negroes in Colorado, and the whites cannot be in danger from them. The only thing in the shape of extenuation that can be urged is that the death penalty has been abolished in Colorado, but even that has no tendency to extenuate the manner of the taking off. Of course the South will point to the affair as additional proof of what it has all along claimed, that the negroes, if they were as numerous in the North, would get no more consideration than the Southern whites give them, and it is not easy to see how it can be regarded in any other light.

VICE IN THE METROPOLIS.

Almost simultaneously with Croker's pronouncement against vice, appears a letter from Bishop Potter to Mayor Van Wyck, in which the Bishop in the strongest language accuses the police of protecting the very worst forms of vice and of treating with contempt and derision men who have been working to make more tolerable the lot of many honest and virtuous people whose poverty compels them to live in districts reeking with vice in its most disgusting and degrading forms. The Bishop affirms that the police are virtually safeguarding vice, and that complaints to them subject the persons making them to the coarsest insult and obloquy. "Nowhere else on earth," says the Bishop, "certainly not in any civilized or Christian community does there exist such a situation as defiles and dishonors New York today. Vice exists in many cities, but there is at least some persistent repression of its external manifestations, and the agents of the law are not, as here, widely believed to be fattening on the fruits of its most loathsome and unnamable forms." Croker says he did not know of the existence of the Bishop's letter when he made his address to Tammany, but he certainly knew that the Episcopal church had been making an investigation of existing conditions in the city, and he was familiar enough with them and sufficiently knew where the responsibility for them lay to anticipate what kind of a report must be forthcoming. It hardly admits of a doubt therefore that Croker's pronouncement was an eleventh hour attempt to relieve himself from some of the obloquy which must follow the Bishop's exposure. That the open connivance with vice on the part of the police force has been known to him, that it has received his tacit approval, and that Tammany has enjoyed the fruits of it, admits of no doubt. Upon him, more than upon any other one man, or a hundred men, rests the responsibility for the existence of the conditions which Bishop Potter so forcibly points out in his letter to the Mayor. The very first essential, therefore, of a permanent reformation is to strip him of his power and turn him out. A crusade against vice under his leadership will be only a fraud and a sham. Yet there are already signs that he will be able to maintain his grip by reason of dissensions among his opponents, as he has done many times before. Already men who have the character and the courage needed to clean the Augean stables are being taboed on the one side because they voted for Bryan and on the other because they voted for McKinley. Until national politics are put out of sight and the people of New York recognize that the fight is between the good and the bad, the decent and indecent the metropolis will never be relieved of the conditions that form the basis of Bishop Potter's arraignment. An indispensable prerequisite of the reform of New York is the driving of Tammany from power.

CURRENT COMMENT.

THE REMEDY FOR NEW YORK CORRUPTION.

(New York Sun.)

What, then, is the remedy? Is the case hopeless? The remedy is possible and it can be made effective. It is to drive Tammany Hall from the control of the municipal government and thus relieve the police from its corrupting domination. It is for the people of New York to unite in the next municipal campaign against the candidates of Tammany Hall under the leadership of a candidate for Mayor, who has never felt its corrupting hand. Individually, the police of New York are usually men who would rejoice with all decent and law-abiding citizens in their rescue from a control which compels them to protect and foster the crime they are appointed to prevent and suppress.

WAR AND CHRISTIANITY.

(Springfield Republican.)

Capt. Mahan must be awarded the honor of applying the "higher criticism" to Christianity in order to make out a pious defense for war. At the Episcopal church congress in Providence, R. I., this week, he argued that war is not antagonistic to good old Christian doctrine. To be sure, there is an "uneasy feeling" that war is never just right, but, says the captain, "this feeling is not of Christian origin, but has rather been imported into and imposed upon Christianity by those alien to its beliefs." And this is where the captain's "higher criticism" comes in. He proceeds to show that the anti-war feeling finds its extreme exemplars nowadays in persons who are not Christian believers at all, such as the agnostic philosophers and the humanitarians like Herbert Spencer, Frederic Harrison and John Morley. Those wicked men have attempted to engraft their alien anti-war principle upon the main body of Christian doctrine, but the captain is too smart for them, and has now learnedly exposed their ungodly exegesis. As a higher critic the captain seems to have been successful, yet the triumphant reception of his ideas by the bulk of Christian scholars and teachers may prove rather disastrous in the end to Christianity.

THE NEW CITY CHARTER.

The revision of the charter and the adoption of modern municipal regulations have been sufficiently tested in certain cities of this country to enable Portland to move in this direction with perfect safety. But it would be a fatal mistake in the present revision to yield to political or other narrow and selfish policies and recommend a paltry compromise.

Neither in the fire nor police departments has a change been urged in the interests of economy and efficient discipline. But it is to another section of the proposed charter that I would call attention in this article, namely, that of the department of public works.

Portland has repeatedly expressed itself as desirous of removing city affairs from the bad effects of political control and certain departments, after abuses have become notorious and intolerable, have been the concerted action of public spirited citizens rescued and established upon a good business foundation.

At a time when there is no little desire and determination expressed to remove the police and fire department from the influences incidental to political ambition, we may find by reading carefully the articles relative to methods to be em-

played in the public works department—rapidly passed over to the recent presentation of the proposed revision—that there has been a systematic attempt to put this department absolutely and in all its details under the direction of the ward politician. The framers of this act not only again have the commissioner at a point in the "good old times," to which a return is planned, referred to by a late lamented alderman when he said to the writer that he had the head of the department in question "crouched up so he couldn't shoe a horse," except as he chose to direct.

The street department was wrested from the spoilsman in 1896, and regulated by special act of legislature at that time. It provides that the execution of work voted desirable and proper by the city council, with money appropriated therefor, shall be executed by a specialist, the city engineer, commissioner of public works, and not by an ever-changing irresponsible committee representing different factions and rival localities.

Articles 13 and 15, if finally adopted, would bring about a control of our street and sewer department by a so-called non-partisan committee, changed every year and ordinarily knowing as much about engineering subjects as about Sanscrit, but such committees are always wise in political fitness.

Quoting quite literally from article 13—under the direction of the committee the commissioner shall employ such assistants and foremen as they select and shall execute such contracts as the committee makes and shall under their direction build streets, bridges and sewers in such places and in such a manner and of such a character as they may determine. He shall take care of all the property belonging to the city which shall pertain to the public works department, (but with such caretakers as they may direct him to employ), and he shall purchase all supplies for the department at such places and at such prices as they may determine. Not one shred of authority is vested "in the commissioner and not one shred of discipline would exist."

The conditions are far from perfect at present owing to the zeal with which some spoilsman can work even with the law dead against them; but can one conceive of anything more vicious than the conditions sure to arise if the proposed changes in articles 13 and 15 of the charter are permitted to pass.

M. C. Jordan.

SUNDAY SCHOOL VOTERS.

The York County Association and the Liquor Law.

The York County Sunday School convention was held in the M. E. church at Alfred, Nov. 15th. One hundred delegates were in attendance. A devotional service was led by Rev. R. C. Drisko of Alfred. Mr. I. N. Halliday, General Secretary of the Maine State Sunday School Association, conducted a Round Table on Twentieth Century Problems. This feature of the programme was of special interest and profit to the delegates.

The address of welcome was given by Mr. B. C. Jordan of Alfred, and a response was made by the president, Rev. E. B. Dolan of Waterboro. A beautiful dinner was served in the vestry.

At 1:30 p. m. Rev. J. E. Cochrane of Springvale conducted a Scripture testimony exercise. Rev. C. K. Flanders conducted a round table on Sunday School management and a practical and helpful address on "The Needs of our Rural Districts" was given by Mr. I. N. Halliday. Echoes from the State convention at Dexter were given by Mr. B. C. Jordan. A beautiful solo was rendered by Rev. C. K. Flanders, Mrs. Ella Brainard Whitaker of Boston gave a very interesting address on "How to Win and Hold the Children."

The Committee on Resolutions reported in part as follows:

Resolved, That we recognize in the Sunday School one of the most essential and promising departments of the church work, and one of the best means of reaching the unchurched masses.

Resolved, That we remind the schools of the importance of grading, also of sustaining normal classes and teachers' meetings.

Resolved, That we recommend the observance of Decision Day.

Resolved, That we bear most hearty testimony to the faithful work of one who was one of the most efficient promoters of primary work in this county, who has been called home since our last meeting, Mrs. Clara C. Blanford, and that we pledge our faithful support to this department of the work as a token of love to her, as well as for the work itself.

Resolved, That the liquor traffic is the most formidable enemy that the Sunday School has to meet, and that we, the representatives of all the evangelical Sunday Schools of York County, demand of our county officers that they promptly close up the rum shops all over the county.

Resolved, That if the law prohibiting the liquor traffic is not better enforced in the next two years, that it has been heretofore, we will at the next election vote for officers who will enforce it.

B. C. JORDAN,
G. W. HANSON.

The following officers were elected for the ensuing year:
President—Judge G. W. Hanson, Springvale.
Secretary—Rev. A. O. Fulton, Kennebunk.
Treasurer—Mr. G. H. Nowell, Sanford.
Superintendent of Primary Work—Miss Gertrude Cummings, Biddeford.

Executive Committee—Mr. E. M. Cane, Alfred; Rev. A. B. Bryant, Sanford; Mr. J. S. Sanborn, Waterboro.

It was voted that the York County Association should try to raise \$400 for State work during the year.
Rev. T. H. Stacy of Saco spoke of the organization at the State convention at Dexter of the State Primary Council, and of the necessity that each District Association in the county should appoint district superintendents of primary work to cooperate with this Council. The convention adjourned with prayer by Rev. D. B. Ford of Alfred.

Supper was served in the vestry, and the evening session opened with a praise service conducted by Rev. A. K. Bryant of Sanford. Mrs. Whitaker gave an interesting and helpful address on "Our Junior Boys." Music was furnished by a quartette and chorus of young people from the Alfred churches; and the close-

SWAN & BARRETT.

ing address on "Feed My Lambs," was given by Rev. W. S. Board of Portland. This address was much enjoyed by all present.
The convention adjourned to meet in June with the Baptist church in Springvale.

REEVE THE MAN.

Will Succeed Charles M. Hays as the Grand Trunk Manager.

Montreal, Que., November 17.—Official announcement was made this afternoon by Sir Charles Rivers-Wilson, president of the Grand Trunk system, that George B. Reeve, formerly traffic manager, had been appointed general manager of the system to succeed Charles M. Hays, who is going to San Francisco as president of the Southern Pacific. Mr. Reeve is now on his way to Montreal to confer with the chief executives of the company. It is said that President Wilson was governed in his selection by the recommendation made at New York a week ago, by Mr. Hays.
From semi-official sources it was learned tonight that Mr. McLaughlin, general superintendent of the Grand Trunk, had the refusal of the first offer to be general manager of the company. It is also understood that while no changes are contemplated in any of the departments, it is believed several officials who have been with the Grand Trunk since coming to Canada will join him in California.

George Bell Reeve was born in the county of Surrey, England, October 23, 1840. He entered the railway service in 1860 as a clerk in the office of the Grand Trunk and remained in that position for two years. Then he acted as telegraph operator for a year and from that position was promoted to become a train despatcher in 1865 and 1866. He was acting as a relieving agent and then for seven years he saw service as freight agent at Toronto. With this experience in the lower ranks of the railway service he became one of the general officers, being appointed assistant general freight agent, a position he was filling when, in December, 1881, he was appointed general traffic manager of the Chicago and Grand Trunk and Cincinnati, Saginaw and Mackinaw railway. On February 1, 1896, he was appointed general traffic manager of the Grand Trunk with headquarters in Montreal, retaining that position until his resignation this year. Since then he has been living on a ranch in California.

FARMERS' FRUIT OFFERING.

The Farmers' Fruit Offering of Boston has provided over 25,000 people with fruit during the last few weeks, who would be unable to purchase it. This has been through the generosity of the farmers in giving the fruit, the railroads in transporting it, and the kindness of friends at the sub-stations in distributing it.

The railroads that have given free transportation are the New York, New Haven & Hartford, Maine Central, Boston & Maine, and Bangor & Aroostook. More fruit is needed between now and Thanksgiving. Would it be possible for those who send apples to put in a few vegetables? They will be very gratefully received by those who wish a better dinner than usual on Thanksgiving Day.

All shipments must be received by the 24th. Goods should be marked "Farmers' Fruit Offering, Lend a Hand Society, 1 Beacon St., Boston, Mass."

MAINE PENSION.

Washington, November 17.—The following pensions have been granted to Maine people:

ORIGINAL WIDOWS, ETC.
Dora F. Metcalf, Rockland, \$8.
Special accrued, November 2, Henrietta A. Goldsmith, Augusta, \$8.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; once cured of deafness, it cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. Nov. 17, 1900.

MISCELLANEOUS.

Grip Nipped at the Start

Orangeine

Orangeine regulates Nerves, Stomach and Liver. Acts quickly—surely—successfully. Never fails; never harms. Full directions in every package.

Mrs. Henry S. Mulligan, Chicago, writes: "After taking Orangeine powder for two days I have entirely recovered from an attack of grip in its severest form."

I carry "Orangeine" ready to "head off" colds, headache and nervous exhaustion.

—Hon. Frank H. Jones.

Sold by druggists generally in 25 and 50c packages. A trial package will be sent to any address for 2-cent stamp.

ORANGEINE CHEMICAL CO., Chicago, Ill.

EMINENT COUNSEL.

They Will Contest Southard Will Cases in Richmond.

Richmond, Me., November 17.—The most imposing array of legal talent ever gathered in Richmond will be here next Tuesday, there being a hearing in cross suits between the administrators of the estate of T. J. Southard and the administrators of the estate of his wife, the late Jane J. Southard. Hon. John A. Peters of Bangor and Chief Justice Wiswell are the referees. The attorneys are Hon. O. D. Baker of Augusta and ex-Judge Foster of Portland. Hon. S. L. Larrabee of Portland and Leslie Cornish of Augusta are administrators of the estate of Jane J. Southard, and C. H. T. J. Southard and W. S. Stroutenburg of this place are the legal representatives of the estate of T. J. Southard. In one instance fifty thousand dollars is the sum sued for and the opposing parties file a counter claim for the same amount. The hearing will open at the office of Judge W. T. Hall, in this village, on Tuesday next.

FOR ANNEXATION.

A Bill to Add South Portland to This City.

The movement for the annexation of South Portland to Portland has been revived and the first steps have been taken to bring the matter before the legislature. On Saturday, F. H. Harford, Esq., of South Portland, served the required legal notice of the contemplated action upon the city clerks of the two cities. The bill providing for the adding of the Cape city to the municipality on this side of the water will be presented in the early days of the session. Mr. Harford stated on Saturday that the bill would not be in the form of an enabling act, but in the form of a bill to amend the charter of the city of Portland, so as to include the Cape city in the city limits. The bill would be presented in the early days of the session. Mr. Harford stated on Saturday that the bill would not be in the form of an enabling act, but in the form of a bill to amend the charter of the city of Portland, so as to include the Cape city in the city limits. The bill would be presented in the early days of the session.

DELIGHTFUL MEXICO-CALIFORNIA TOURS.

Mexico, with its grand natural scenery, its semi-tropical climate, its interesting history, and its strange civilization, is a most attractive region for tourists. Messrs. Raymond & Whitcomb are forming their first party of the season to leave Boston January 10. The travellers will stop at various places in the Southern States, and in Mexico visit a dozen or more of the different cities, spending a week in the City of Mexico, with a side trip to Cuernavaca, and making trips down into the tropics, over both the Tampico and the Vera Cruz lines. On the return, California is to be visited. The journey is to be made in a special Pullman vestibule train, with dining and observation cars. On the same date a party leaves for the Mexico tour, omitting the further trip to California. An illustrated circular of Mexico, with a full description of the tour, will be sent by Raymond & Whitcomb, 930 Washington street, opposite School street, Boston, to any address on application.

THE BOWLERS.

The interest in the bowling tournament at Pine's alleys still continues. The games the past week have been very hotly contested and many fine games have been rolled. The surprise of the week was the game Friday when Fletcher & Co. won three games from Fletcher & Co.

STANDING.

	Won.	Lost.	Played.
Twitcheil-Champin Co.,	13	5	18
H. S. Melcher Co.,	11	7	18
Milliken, Cousins & Short,	11	7	18
Fletcher & Co.,	10	8	18
Chenery,	8	10	18
Ayer, Houston & Co.,	8	10	18

NEW BOWLING ALLEYS.

The new bowling alleys at Smith's hotel will open Monday afternoon when three cash prizes will be given to the bowlers making the three highest scores. Tournaments will be held each week and prizes given. The alleys are full of light and well lighted and in the pink of condition, while the service is of the best.

THE FIRST SNOW.

Portland was visited by its first snow storm of the season Saturday evening. The flakes began falling at a few minutes before eleven o'clock and came down in good shape from that time until early morning. The temperature showed a very appreciable change late Saturday afternoon, the weather moderating a good deal.

SOUTH PORTLAND.

Suspicious Character at Fort Preble.

Man Caught Wandering Inside Ramparts at 4 a. m.

Had Been Challenged by Sentry in Evening.

Was Examined by Capt. Bailey and Released.

About 11 o'clock Saturday night the guard at Fort Preble discovered a man on the ramparts within the fort. When the man was ordered to halt he attempted to sneak off, but the guard again ordered him to halt at the same time bringing his gun up to a fire. The stranger stopped where he was and when asked by the guard what he was doing there at that time of night answered that he was "just looking around." He acted in a queer manner and the guard, thinking it was probably a case of drunk and that the man did not know where he was, conducted him outside of the post to the road and started him off. When the guard was relieved he did not report the matter and nothing was known of it for some time. About 4 o'clock Sunday morning one of the cooks in the mess room saw some one pass the window at the lower end, but as it was just breaking day and he could not see the person very plainly he thought it was one of the guards and paid no more attention to it at the time. Shortly after on looking out of the window again he saw some one acting in a suspicious manner and evidently trying to sneak up to the captain's quarters without being seen. The cook determined to see who the man was and hastily donning some of his clothes and catching up a club as he passed along, he got to the door of the mess house just as a man dressed in citizen's clothes sneaked by. Dropping his club the cook made a spring and caught the man around the neck and threw him to the ground. The cook is a powerful man, and the intruder, realizing that it was no use to struggle, submitted to be led to the mess hall, where the cook secured his loaded rifle and marched the man off to the guard house.

On being searched at the guard house a wicked looking knife was found on the man, but nothing else in the way of a weapon nor anything by which he could be identified. He was described as stout and well dressed, but did not look like a professional crook, although he may have been one of a gang who had planned to try and rob the captain's house, as Sunday was pay day at the fort and it was known that a large sum of money was in the garrison at the time.

When questioned the man acted confused and told several conflicting stories and it was deemed best to hold him until an investigation could be made. He was identified by the guard as the same man he had challenged on the ramparts earlier in the evening.

Capt. Bailey was then notified of the arrest, but after a thorough investigation it was deemed best to let the man go as no real charge could be brought against him except being in the garrison when he had no business there, although the circumstances looked very suspicious. The man was finally conducted outside the garrison under guard and given fair warning that it would be unhealthy for him to be found in that vicinity again.

PETITIONS FOR WAITING ROOM.

The residents of Pleasantdale and vicinity have sent a petition to Manager Newman of the Portland Railroad company, asking that a waiting room be established in Monument Square, Portland, for the benefit of the Cape patrons of the cars. There is no waiting room or other convenient place in which to wait for the cars, and the petitioners say that it is very inconvenient to stand about on the corners, especially in cold weather, waiting for cars. A like petition is also being circulated in South Portland and is receiving many signatures.

A letter was received from Mr. Edward Cobb of Angel avenue, Willard, the past week. Mr. Cobb is in camp with Mr. Manville Jordan near Sebols, and all are enjoying the best of health and finding plenty of game. There is a party of nine at the camp, including Rev. C. Everett Bean and several Portland people. There are three guides and all report the gunning fine and game plenty. Several South Portland people are going to the camps late in the season. Masconome tribe of Red Men of Kennebunk will give an entertainment this evening. Refreshments will be served.

THE GUNNERS' BOARD.

The annual examination before the gunners' board was held at Fort Preble

last Friday and Saturday and about twenty men took the examination, consisting of all the principles of gunnery, including the use of range tables, meteorological instruments, cordage and plotting board. The gunners' board is composed of Capt. White, Capt. Landeen and Lieut. Hayes, all of the Seventh Artillery.

It is understood that enough money has been raised by the Union Hall association to give the Union House a coat of paint and also renovate the interior. This is the only public hall we have in this part of the city and there is no reason why it should not make as good an appearance as other buildings.

The History club will meet next Thursday evening with Mrs. Ellen Finerty, Sawyer street. The lesson for the evening will be on J. M. Barrie, and the sixth and seventh chapters of mythology. Mr. William G. Day of Ligonis was up before Judge Harford Friday, charged with assaulting his wife. He was given a fine of \$2 and costs.

The Wm. Spear Co., are dredging at their coal wharf to allow deep draught vessels to unload there.

It is understood that Mr. M. Corey will repeat his interesting lecture on China within a short time.

Mr. William A. Allen has moved his family from Myrtle street, Portland, to Willard, where he will make his home for the future.

The concert and dance which was given for the benefit of Mr. Warren W. Willard at the Hose house in Willard, Saturday evening, was a most successful affair and was largely attended. About \$50 was realized. A fine entertainment was given which was much enjoyed by those present, followed by an order of 10 dances. The following was the programme of the concert:

Vocal Solo, Mrs. J. Frank Day
Vocal Solo, Mrs. Albert Smith
Reading, Miss Wilhelmina Jordan
Vocal Solo, Mrs. Lizzie Mooney
Reading, Mrs. John Johnson
Vocal Solo, Mr. J. Frank Day
Harmonica Solo, George H. Jordan
Drum Solo, Master Merle Day
Vocal Solo, Miss Florence Benjamin
Reading, Miss Edith Allen
Vocal Solo, Mr. William Peabody

There will be a citizens' meeting in Ayer's store at 7.30 o'clock this evening for the purpose of discussing plans looking to a more general observance of Thanksgiving.

There was a merry gathering at the home of Mr. and Mrs. John Bats at Fort Preble Saturday evening, when about 20 friends and neighbors called upon them to pass the evening. The evening was passed in music, games and dancing, after which refreshments were served.

A PHILOPENA.

I took her out to dinner; she was charming, I declare! It was, if you will pardon me, A very swell affair.

We had a dozen cookies, each An epicurean dream.

The last one, cobble made of peach- With coffee, nuts and cream.

She found a double almond, so And said, "What do we eat?"

A philopena. "Yes or no?" I asked the maiden sweet.

"Well, let's take 'No,' she answered gay, Her face with color bright.

"It is a go!" said I, "but say, Take care you don't get caught!"

At last I won, 'twas her mistake, This girl with eyes of blue, And when she asked "What will you take?" I simply answered, "You."

EQUAL SUFFRAGE CLUB.

The Portland Equal Suffrage club held its November meeting Saturday with Mrs. George C. Frye. There was a large attendance of members with two guests, one being from Old Orchard, the other being the guest of Mrs. Frye, Miss Quincy of California. The members sewed busily on the bazaar work while listening to the business of the club. Several members responded to the roll call, among whom may be mentioned Mrs. Burgess, who stated that she had received the latest book entitled Noble Womanhood, from its author, C. F. Doyle, which was presented to the bazaar with the author's autograph. Mrs. Frye spoke in regard to the bazaar. It was voted that the Portland Equal Suffrage club endorse the plan of putting women on the board of overseers of the poor.

What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it today. Try Jell-O, a delicious and healthful dessert. Prepared in two minutes. No boiling! No baking! Simply add boiling water and set to cool. Flavoring—Lemon, Orange, Raspberry and Strawberry. Get a package at your grocers today, 10 cts.

Mr. Frank More, South street, purchased a fine black pup in Portland a few days since. The pup disappeared from Mr. More the day following.

EXCHANGE STREET SEWER.

Contractor Flanagan Tells of the Work and Its Progress.

The work on the Exchange street sewer has made considerable progress the past week. It will be several weeks more before it will be completed.

"The contract calls for the sewer to be finished by the fifteenth day of December," said Contractor John H. Flanagan, Saturday. "This means that it should be finished by that time with the weather thrown out. But possibly it may be the first of January before the work will be ended. We started out on the twelfth day of October and since that time there has been considerable bad weather. In the first week it rained so much that we were enabled to work only one day and a half. In the following week we lost a day and a half. Since that time we have lost two days. In all we have lost six days on account of the bad weather. I shall be glad when snow comes for it will keep the frost out of the ground. We have not been able to use as many explosives for blasting as we had anticipated as the blasting on the ledge would be severely shaken. I have been a little disappointed because we have found no more ledge. There is not as much as people have imagined. It extends from Mill street to the police office building. On the rest of the street up as far as Congress there is only about a foot of ledge, this being near Federal street.

"The well at the northwesterly corner of Exchange and Middle streets is fifteen and a half feet deep from the paving. It was built to hold the flowage of the Exchange street sewer and to pump it into the Middle street sewer. We have got to go as far as the middle of Congress street in order to connect the Congress, Middle and Federal street sewers and make a trunk line to the intercepting sewer on Commercial street.

"From Fore street we have drilled up as far as a point opposite the Senter jewelry store."

Contractor Flanagan said that he had employed on an average for the work twenty men a day.

WOODBINE REBEKAH'S PLEASANT TIME.

Saturday evening Woodbine Rebekah lodge held a supper and entertainment at its headquarters in Barker building. The entertainment consisted of recitations by Mr. Edward J. Quinn, songs by Billy Nickerson and a piano solo by Adelbert Johnson. The committee of arrangements was composed of Dr. John T. Palmer, James A. Martin and Peter S. Nickerson.

TO CUT STONE.

The New Enterprise of Montana's Copper King.

The story that United States Senator William A. Clark of Montana, the great mining king of the northwest, is to establish granite quarries at North Jay, is followed by a more interesting report to the effect that Portland has been determined upon as the shipping port of this plant. The first story was confirmed several days ago and on Saturday evening the other story was substantiated. It is not yet known whether the operations will be begun in Portland but it will probably not be long before the business interests of Senator Clark will be booming in this city.

Last month a corporation was formed in Portland at the law offices of Bird & Bradley. This corporation is called the American Stone Co. and Hon. George E. Bird, one of the partners of the firm, is clerk. The president is Washington Hill of New York, and the treasurer is Mr. Atwater of New York. The capital of the company is not large. Senator Clark is not named in the company but it is authoritatively stated that he owns a large share of its stock. Mr. Hill is a member of a well known firm of architects in New York and is a gentleman who stands very close to Senator Clark. When the Senator decided to build his palatial residence in New York, which so much has been written and said during the past year or more, he engaged Mr. Hill as the architect for the structure. As has been written, the Senator decided to build this residence was to have been furnished by a granite company of this State. Then a difference arose over the price to be paid for a term of years and a clause in the lease stipulated that at the expiration of the term the lease was to be renewed for another term of years. It could be learned that the Senator's plan was to have the residence constructed in the granite quarries at North Jay. This resulted in the buying of quarries at North Jay and the plan was to have the residence constructed in the granite quarries at North Jay.

The Portland end of the enterprise is to be located on Deane's wharf. Soon after the American Stone Co. was formed one of the first steps that was taken was to look about for wharf and at this point the Senator's plan was to have the residence constructed in the granite quarries at North Jay. This resulted in the buying of quarries at North Jay and the plan was to have the residence constructed in the granite quarries at North Jay.

PUT OFF A CAR.

Mark Killian Suing the Portland Railroad Company.

In the Superior court Saturday, the day was devoted to the trial of the case of Mark Killian vs. The Portland Railroad Company. This is a suit to recover damages in the sum of one thousand dollars for an alleged assault and battery in being wrongfully put off from one of the defendant's cars. The car was under the charge of Conductor Harriman of the Westbrook line. The plaintiff boarded the car at the head of Preble street on July 18 in the afternoon and rode as far as the Downing street car. At this point the plaintiff claims that the conductor forcibly ejected him from the car, threw him down upon the ground and choked him; that about this time another Westbrook car which was just returning from Riverton, came up, and the conductor of this car came up and again threw him down as he was rising to his feet; that both cars were full of passengers and that he was making no disturbance whatsoever; that he did nothing but engage in conversation with some of the passengers on the car. On cross-examination he admitted that he had been drinking and that he had on that day pawned his latching hatchet in Portland to buy liquor with and pay his bar bills. He also admitted that about two years ago he had been put off from one of the cars for being intoxicated; and that on two different occasions he had been before the Westbrook line. The plaintiff testified that the plaintiff kept up a continual run of silly talk; that he requested him to stop three times, to which he paid no attention; and that he was annoying the passengers, and knowing the character of the man, he put him off the car while it was stopped for another passenger to alight, and that in doing this he simply reached up and pulled him off.

The plaintiff then grasped him around the legs and held him so he could not return to the car; and at this point Conductor Sprague who was on the rear car, came up and took the plaintiff by the hands and released Mr. Harriman. They both state that no violence was used.

Among the witnesses on the car were Lawyers Eastman and Lyons who both appeared as witnesses in the case. At the conclusion of Mr. Libby's argument for the defendant, the court adjourned. The case will be finished Monday.

Frank P. Price appears for the plaintiff; Libby, Robinson & Turner for the defendant.

GOY HIS LOBSTERS BACK.

In the Municipal court Saturday morning there was an interesting short lobster case. Warden Wood sold four barrels of lobsters October 25, and alleged that the lot contained 48 short lobsters. In court Saturday morning Frank P. McIntire of Orr's island, appeared as claimant. Several witnesses from Orr's island gave their testimony, as well as Warden Gardner and others. At the close of the hearing Judge McIntire ordered the claimant to pay for the lobsters. Assistant County Attorney Allan for the state. J. C. and F. H. Cobb for the claimant.

UNITED STATES CIRCUIT COURT.

In the Circuit court, Saturday, before Judge Putnam in the case of Julius M. Cohen vs. Faustino Delavina, a bill in equity filed to restrain the use of a certain alleged trademark "Keystone," the court passed down an opinion directing a qualified interlocutory injunction restraining the alleged trademark.

In the Circuit court, Saturday, before Judge Putnam in the case of Julius M. Cohen vs. Faustino Delavina, a bill in equity filed to restrain the use of a certain alleged trademark "Keystone," the court passed down an opinion directing a qualified interlocutory injunction restraining the alleged trademark.
